PROJECTS

YOU CAN DO

THANK YOU

for your interest in sending kits to impoverished people around the world!

BEFORE YOU START:

A few things to consider when assembling your kits.

Use quality, new items. Things that last help meet needs over a longer period of time. It costs just as much to ship poor quality items as new items.

Include only items specifically listed. We face strict legal requirements in some of the countries where we ship kits. If officials discover the kits contain more than the items listed, the kits could be confiscated or an entire sea container rejected.

Avoid fabric and items that leave a negative Christian witness. We prefer to stay on the safe side. Avoid things like large pictures, occult symbols, sports figures, and TV characters. We reserve the right to reject items made with objectionable materials. Feel free to contact us for a list of these materials.

HOW TO SHIP:

Put all kits or bundles into a large box or bag.
Label each box/bag with the number of kits/bundles inside.
Drop off your items at any CAM location, or ship them to our warehouse in Pennsylvania marked
Attn.: Shipping Department (see address on next page).

When needs arise, we reserve the right to send kits to locations other than those listed.

You can help ship your donated comforter overseas for \$2.50. Your shipping gift can be earmarked “comforter shipping” and sent to our Berlin home office (see page 3 for address).
